

COMPANY PROFILE

WHO WE ARE

Founded in 2007, Shenzhen Guanri Netcom Technologies Co., Ltd. is a privately-own company located in Shenzhen China. It belongs to Guanri Telecom-Tech (Shenzhen) Co., Ltd.

WHAT WE DO

We provide products and services as follows:

- WiFi Vending Solution
- Payphone
- Network Management System (NMS)

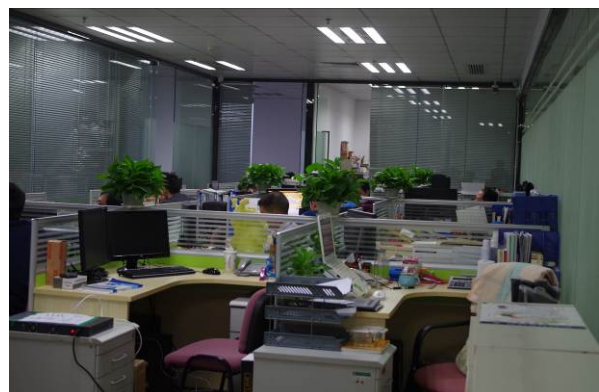

Our best-seller “Tap Coin WiFi” has been sold around 10,000 units to more than 40 countries in Southeast Asia, Africa, South America, Middle East, and Europe. We have also made great achievement in operating WiFi business in China with more than 200,000 subscribers.

Based on our rich experience in WiFi operation in China’s worker dormitories, we have been familiar with each detail of the whole solution of WiFi vending machine, including site survey, equipment installation, and after-sale service. And we have kept providing high-quality product and technical support service to each customer.

OUR BACKGROUND

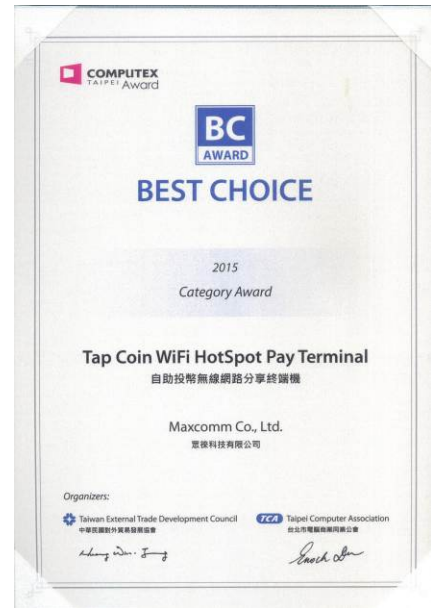

Our parent company was founded in 1994 and became a joint venture between Shenzhen Guanri Hi-Tech Development Co., Ltd. and International Data Group (IDG) in 1999. Our parent company is a leading manufacturer in the business of payphone, wireless network optimizing products, & relative software system.

OUR AWARD

Our best-seller "Tap Coin WiFi" (a coin-operated wifi vending machine) won the "2015 Best Choice Award" in Computex Taipei (the biggest ICT tradeshow in Asia). It is the only one in the category of communication products that acquired this prize.

This product has also acquired the Utility Model Patent in China for its special working method (tapping-for-wifi feature) and special benefit for end users (providing self-service Internet service).

OUR VISION

Life is good; we make it better!

Our Logo - "SOL" is short for "Solution of Life". We keep making innovation and our work makes people's life more exciting, fulfilling, and manageable. And we are trying our best to internationalize our products & services by setting up some branches in some Asian countries.

Pursuing a highly effective operation system to give customers more satisfaction, we also endeavor to improve our management regarding quality and service. And we are building an equal development platform to let our employees enjoy working and then share their pleasure with our customers.

OUR PROMISE

Our promise is to provide all our customers a wide selection of products, prompt and courteous service, high-quality goods and punctual delivery. We hope we will help you start your new career or open up your market.
